## Invitation

It gives me great pleasure to extend a very warm invitation to you to participate in the 25th International Conference of Data Protection and Privacy Commissioners to be held at the Sydney Convention and Exhibition Centre, Darling Harbour in Sydney, Australia from 10 - 12 September 2003.

The theme of this year's Conference is "Practical Privacy for People, Government and Business". In this, the 25th year of the Conference, we look forward to exploring advances in privacy and building platforms and solutions that enhance the privacy choices of all citizens. The aim is to provide the opportunity for Commissioners to engage in private and thoughtful discussions as well as allowing for debate with delegates and speakers from the private sector, public administration and other interested groups. We also hope to build on some of the successful themes from the 24th International Conference held in Cardiff, Wales in 2002.

Australia is a huge and vibrant continent and I trust you will take a little extra time to experience some of its spectacular features. There is also the opportunity for you to attend other privacy related events that will be taking place around the time of the Conference, including a biometrics conference hosted by the Privacy Commissioner for the State of Victoria, a special event for Chief Privacy Officers, and a more academically oriented event. Please see the related events page of the Conference web site at [www.privacyconference2003.org](http://www.privacyconference2003.org) for further information.

I look forward to seeing you at the Conference in Sydney.

**Malcolm Crompton**

*Federal Privacy Commissioner

## Members of the Program Committee

The program for the Conference has been drawn up in consultation with a small, informal international advisory board. The members of the board were drawn from the corporate sector, privacy advocates and Privacy and Data Protection Commissioners. We would like to extend our thanks to those members for their valuable input to the program.

## Your Host City - Sydney

Sydney, Australia's gateway city and the capital of New South Wales is built around one of the largest, most beautiful harbours in the world and along miles of golden surfing beaches which stretch north and south of the city on the shore of the Pacific Ocean.

Perhaps the most famous of Sydney's landmarks is the spectacular Sydney Opera House with its graceful 'sails'. The Opera House has become Sydney's cultural centre, offering opera, ballet, drama and film. The historic 'Rocks' area is nearby, and this part of the harbour foreshore is a hub of activity for both local residents and visitors. All within easy reach from the main Conference venue.

Sydney is a vigorous, cosmopolitan city, a major industrial, business and commercial centre and is endlessly fascinating in its variety and its beauty.

Mobile Phones

For visitors, GSM and CDMA phones are compatible with most Australian mobile networks.

PCS (also known as GSM1900) handsets are incompatible with Australian networks. However, because PCS phones do use compatible SIM card technology, in certain cases you can put your SIM card inside a GSM900 or GSM 900/1800 cellular / mobile phone and make and receive calls which will be charged to your existing account in your home country.

Before you leave your country you will need to activate your international roaming coverage with your mobile network. Another alternative to international roaming is to purchase a pre-paid mobile phone when you arrive which allows you to control the amount you spend on calls.

For further information on your mobile's compatibility visit: www.telstra.com.au/mobilenet/introam/inbound/inbound.htm

Airport & Transport

The Sydney central business district is 10km north of the International Airport and takes approximately 20 minutes to reach by car. A taxi costs approximately A\$25. A regular airport to city bus service operates from approximately 0600 to 2100 hours (not recommended for those with large amounts of luggage). Any queries please see the Travellers Information Desk at the Airport.

## General information

### Banking/Currency

Decimal currency is used in Australia with the dollar as the basic unit (100 cents = \$1) Notes come in \$100, \$50, \$20, \$10, and \$5. Coins come in 5c, 10c, 20c, 50c, \$1 and \$2 denominations.

Currency exchange facilities are available in most banks, hotels and airports and operate normal business hours. Credit cards are accepted at most restaurants and shops, the most widely used being Mastercard, Visa, American Express and Diners Club.

### Business Hours

Banks are generally open from 0930 - 1600 hours Monday - Friday. General office hours are 0900 - 1700 Monday - Friday. Post Offices operate these hours, however stamps are often available from hotels.

### Climate & Clothing

September is spring and the temperature range is 11 to 20 degrees celsius.

### Electricity

Electrical current is 240/250V, AC 50Hz. The Australian three-pin power outlet is different from that in many countries, so you will need an adaptor.

### Goods & Service Tax (GST) / Tourist Refund Scheme (TRS)

Since 1 July 2000, Australia has adopted a new taxation system incorporating the Goods & Services Tax (GST). All prices quoted in this brochure are inclusive of GST, unless otherwise specified.

As part of this new taxation system, the Australian Government introduced the Tourist Refund Scheme (TRS). The scheme is administered by the Australian Customs Service and took effect on 1 July 2000. The TRS enables travellers departing Australia to claim a refund of the Goods and Services Tax (GST)

and Wine Equalisation Tax (WET) paid on goods bought in Australia.

The refund only applies to goods which travellers take with them as hand luggage when leaving the country. It does not apply to services or goods consumed or partly consumed in Australia, however the goods can be used before departing Australia.

### Language

The official language of the Conference is English, although simultaneous interpretation in Spanish, French, German and English may be offered for sessions held in the main Conference Auditorium only. The final number of languages offered will be subject to delegates' requirements, please refer to Section H of the Registration Form for further details.

### Parking

Parking is available at the Conference venue at the rate of A\$25 per day.

### Passport & Visa

All travellers to Australia, other than New Zealand, require a valid entry Visa prior to travel to Australia. For many nationalities (29 in total) an Electronic Visa or Electronic Travel Authority (ETA) can be obtained from your travel agent or airline when making your travel arrangements. Please see your travel agent or airline for further details.

### Planning your Travel

Because of time change and jet lag the Organising Committee suggests you consider arriving in Australia by 6 September 2003. This will enable you to relax and familiarise yourself with your hotel and its surrounds before the start of the Conference and also allows you time to attend some of the Privacy related events, that will commence in Melbourne, Victoria Monday 8 September.

### Quarantine

Australia is free from many plant and animal diseases prevalent in other countries. Very strict quarantine rules apply to the import of animals and plants, which cannot be brought into the country without prior application. Animal and plant products are also restricted.

For more information see the 'Information for International Travelers' on the Australian Quarantine and Inspection Service (AQIS) web site, which you can access by visiting [www.affa.gov.au](http://www.affa.gov.au).
